

Now to him who is able to do far more abundantly than all that we ask or think, according to the power at work within us, to him be glory in the church and in Christ Jesus throughout all generations, forever and ever. Amen.
Ephesians 3:20-21

祈 Tenzler • Prayer letter 2022 #3

Dear Friends and family, 27-06-2022

Just like this letter, summer arrived in Sapporo this weekend with some delay. We hope that we can spend a few nice summer days in the next few weeks before the humidity reaches uncomfortable heights.

Our future designation

We thank you very much for your prayers for the decision process on our future place of ministry. After some very positive and fruitful conversations with our leadership, we were able to visit the church they suggested during a weekend earlier this month. The pastor and his wife took a whole afternoon to get to know us and tell us about the church. Afterwards, they drove us to a small museum about one of the first missionaries who came to that region and gave us a little tour. The following Sunday we met the rest of the congregation.

We really liked the place, the pastor and the church, and we also have the impression from God that he wants to use us there for our first term of 2.5 years in Japan. The very next Monday, the pastor called OMF and confirmed that he would like to work with us.

After some more talks it is now 99% settled that we will start serving in this place after we finish our language school. Because official relationships, such as those between a church and a mission organization, are highly regarded in Japan, we cannot tell you exactly where we will be going until it is officially announced. This will probably happen in the next few weeks. Then we will tell you more about the city and

the community.

But it would be great if you could already start praying for the city (God knows the name), the people there and the church. Even though it will be a time of training, we still expect great things because God's Spirit is already dwelling and working in us with all His omnipotence. Please pray also for much patience, wisdom and a humble and learning attitude for us.

What else is going on?

Besides the language school, we are thankful that we both have already been able to share our testimony at HBI, a Bible school here in Sapporo. We plan to do the same in July and August at the evangelistic student group at the church we are currently attending. Please pray that God will use these times to speak to the hearts of the students. Otherwise, we have many inspiring spiritual conversations with our teachers and language helpers. Julian has just started reading the Gospel of John in Japanese with his language helper.

Thank you very much for your support in prayer, your emails, as well as for your faithful financial support!
